INTERNAL IMPROVEMENTS .- The Commissioners of our town, our city fathers, are building a new Market House, immediately east of, and nearly adjoining the site of the old one. We learn that it will be quite a neat building, supported upon metal columns, and paved either with tiles or hewn stone. The old Market House is now in progress of being removed.

" THE AMERICAN ART UNION "-Mr. Thos W. Brown, of this place, who is one of the Honorary Secretaries of this institution, has presented us with a pamphlet containing the details of the objects, &c., for which it was incorporated by the State of New York. The object of the institution is to cultivate and promote a taste for the fine Arts in the United States. Every one who will contribute \$5, becomes a member for one year, and is entitled to a splendid engraving, which we should say was worth the money of itself. In addition, however, to this, a large number of paintings are distributed by lottery, amongst the members every year. The institution is doing a great deal towards accomplishing the end for which it was established. We are requested by Mr. Brown to say that he will be happy at all times to give those who may desire it, all information on this subject.

That Col. Paine has acted in a manner totally unbecoming the character of a commander of a Regiment of American soldiers, none we presume, will, at this hour, attempt to gainsay. That he should resign, we also think is the opinion of all, if only to save the State from an accumulation of evils, by his being made to quit under the sentence of a Court-martial; for we suppose that an inquiry will be made into his conduct; and if there is we have little doubt of the result of that inquiry. We forbear at present, however, from saying more on this subject.

MR. VAN BUREN'S LETTER.-We call the attention of the reader to the letter of Ex-President Van Buren, which will be found in this week's paper. As a whole, we have been much pleased with the sentiments contained in this letter. We do not, however, coincide with Mr. Van Buren, when he says that " scarcely ever has the essential welfare of the country been in a more critical condition." We cannot, believing as we do that the patriotism of the American people is fully equal in any very critical situation. We do, however, fully endorse that portion of Mr. Van Buren's letter which calls upon the friends of Mr. Shunk himself was an advocate of it. - | "Permit me to offer you for the occasion : the administration to rally around it and give Now, we do not know Governor Shunk's to it a full, free, and generous support. Dr. H. F. Peery's Vermifuge or "Dead Shot," for worms. - The origin, development, and support of worms in the human system, are to be attributed stomach and bowels; it being an established fact. that where the digestion is unimpaired, and the general powers of the system in a healthy state, they can find no habitation. This preparation has the peculiar advantage of not only destroying dryness, of 20 cents on the barrel. We hear of every worm but also of producing a healthy action of the stoniach and other organs of digestion, and last sales reported at \$2 124. thereby relieving many complaints arising from a derangement of the digestive organs. Although taken at 75 cents, at 90 days. prompt and certain in its operation, and not unpleasant to the taste, it is perfect'y safe and adapted to the tenderest age.

Price 25 cents per vial. Prepared by Dr. H F. Peety, and sold by A. B. & D. SANDS, Druggists, 100 Fulton street,

Small Pox generally begins with languor and

weariness, chilliness and vomiting, soreness of the throat, great thirst, and many other unpleasant Wright's Indian Vegetable Pills will be found

the very best medicine in the world for the cure of Small Pox, because they cleanse the body from those poisonous humors which are the cause not only of small pox and other eruptive complaints, but of every malady incident to man. From three to six of said Indian Vegetable Pills. taken every night on going to bed, will in a short time not only make a perfect cure of the above dangerous complaint but the blood and other fluids will be restored to such a state of purity as to utterly pre- Russell. vent inflammation of the eyes, comsumption, and other incurable complaints, which usually follow

an imperfect cure of small pox. Said Indian Vegetable Pills also aid and improve digestion, and therefore give health and vigor to the whole frame, as well as drive disease of every name from the body.

Beware of Counterfeits of all kinds! Some are coated with sugar; others are made to resemble in outward appearance the original medicine .-The safest course is, to purchase of the regular agents only, one or more of whom may be found in every village and town in the State.
